Happy The Way We Are

Barry Candle Our noses may be big, and stick out very
far

But who gives a fig?
We're happy the way we are

Our hooters may be vast
So what? Hip, hip, hoorah!
At long, long last
We're happy the way we are

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are

Our nasal attributes may be irregular
But hooter to hoot
We're happy the way we are

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are

We can hold our heads up high
Let people stop and stare
We can watch the world go by
With our noses in the air

No one needs to inform us
We know our trunks are enormous
Who could possibly disagree?
This is the way they're meant to be
(This is the way they're meant to be!!!)

Weeeeeeeeeeeeeeeeeeeee're
so happpeeeeeeeeeeeeeeeeeee
the waaaaaaaaaaaaaaaaaaaaay
we aaaaaaaaaaaaaaaaaaaaaare!

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are

Our snouts may be large
But thank your lucky star
The air is free of charge
We're happy the way we are

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are

Happy the way we are!
Happy the way we are!
Happy the way we are!
Happy the way we are!

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are

Happy the way we are
Happy the way we are
Tra la lala
We're happy the way we are
