One man in his car drivin' to the city
One man in his car drivin' to the city
See him go from place to place
Taking part in the whole human race

One man in his car power at his feet
One man in his car up and down the street
See him go from place to place
Taking part in the whole human race

So twinkle little star, shining in the everlasting night
Sometimes you seem so wi-y-ise
Sometimes you're not so bright
Oh no nononono...

One man in his car drivin' to the city
One man in his car really sittin' pretty
As if to show it's no disgrace
To be a part of the whole human race

The world is full of hunger, so many mouths to feed
The world is full of hunger, jealousy and greed
So tally ho, there's no time to waste
When you're a part of the whole human race

So twinkle little star, shining in the everlasting night
Sometimes you seem so wi-y-ise
Sometimes you're not so bright
Oh no nononono...
