I Want To Be With You

There are things that must be done
That are not yet begun
Things that I must do
When I want to be with you
Although we're far apart
You're with me in my heart
No one else will do
I just want to be with you

I want to be with you
Can't you hear me?
I need you near me
I want to be with you
I need you near me, my love

The two of us are one
Mother of my son
No one else will do
I just want to be with you

I want to be with you
Can you hear me?
I need you near me
I want to be with you
I need you near me, my love
