Imitation Song

Imitation song
Imitation tune
Imitation words
Empty speech balloons
Never ending news
False economy
Imitation life
For you and me

Poppycockeyed world
We are family
I'll make believe in you
You make believe in me
Imitation birds
Imitation bees
Imitation pearls
Reality TV
Simulated sex
Unadultery
Imitation love
For you and...

I'm so tired of smilie faces
Everywhere I go
Showing me their eyes and teeth
As if I didn't know

Imitation hearts
Imitation minds
Imitation truth
I guess it takes all kinds
(Oh yes it takes all kinds)
Copycat ideas
Virtuality
Imitation games
For you and me

Poppycockeyed world
(poppycockeyed world)

We are family
(we are family)
I'll make believe in you
(I'll make believe in you)
You make believe in me
(I'll make believe in you)

Poppycockeyed world
(poppycockeyed world)
We are family
(we are family)
I'll make believe in you
(I'll make believe in you)
You make believe in...
