Just A Jester

I'm just a jester, just a silly man  
I like to be as silly as I can  
I wear a funny hat as anyone can see  
But nobody laughs at me

Nobody laughs  
Nobody laughs  
Nobody laughs at me

I'm just a jester, just a fool at heart  
Jesting is my science, jesting is my art  
Jesting is my job, on that they all agree  
But nobody laughs at me

(No!)  
Nobody laughs (no no!)  
Nobody laughs (no no!)  
Nobody laughs at me  
(No!)  
Nobody laughs (no no!)  
Nobody laughs (no no!)  
Nobody laughs at me

See me hop! See me skip! Make a face! Fall down!  
I'm mad as you can see  
But nobody laughs, not a giggle, not a squeak!  
And it's all because of the king  
(IT'S ALL BECAUSE OF THE KING!)  
Shhh!

I'm just a jester, laughter is my food  
I try very hard but no one's in the mood  
Just one, one! little smile would end my misery  
But nobody laughs at me
