Keeping Watch

I am keeping watch on you
You are keeping watch on me
I am keeping watch on you
And you are keeping watch on me

Let us keep on keeping watch
Keeping watch on us
Let us keep on keeping watch
Keeping watch on us

All together now lam keeping watch on you
I am keeping watch on you
You are keeping watch on me
You are keeping watch on me
I am keeping watch on you
I am keeping watch on you
And you are keeping watch on me
And you are keeping watch on me
