Oh, Lady Mine
How you drive me out of your mind
Oh, Lady Mine
Tell me, where can I find you?

All around your figure flows
All around, your garden grows
Lady Mine, Lady Mine

Lady Mine, let me come again to you
Lady Mine, let me come again to you
Lady Mine, let me come again to you
Tell me how you can hide by my side
Ooh, oh oh oh ooohlady Mine

Oh, Lady Mine
How you drive me out of your mind
Oh, Lady Mine
Tell me where can I find you?

All your stars appear so cold
They seem to light another world
Lady Mine, Lady Mine

Lady Mine, let me come again to you
Lady Mine, let me come again to you
Lady Mine, let me come again to you
Tell me how you can hide by my side
Ooh, oh oh oh oh

Oh, Lady Mine, how you drive me out of your mind
Oh, Lady Mine, how you drive me out of your mind
Oh, Lady Mine, how you drive me out of your mind
Oh, Lady Mine, how you drive me out of your mind
Oh, Lady Mine
