Let's Be Natural

Time goes by, as we all know  
Naturally  
People come and people go  
Naturally

Let's be natural  
Ever since the world began  
Let's be natural  
Every woman, every man  
Let's be natural  
Has followed nature's plan  
Let's be natural

Oh, yeah

Stars are in the sky above  
Naturally  
People rise and fall in love  
Naturally

Let's be natural  
Ever since the world began  
Let's be natural  
Every woman, every man  
Let's be natural  
Has followed nature's plan  
Let's be natural  
Everything is everything

Naturally  
People cry, laugh, and sing  
Naturally

Let's be natural and this was 15 years ago  
Ever since the world began  
Let's be natural  
Every woman, every man  
Let's be natural  
Has followed nature's plan

Let's be natural

Yeah

Let's be natural

(We could be so natural)

Ever since the world began

Let's be natural

(We could be so natural)

Every woman every man

Let's be natural

(We could be so natural)

Has followed nature's plan

Let's be natural
