Once upon a good time on this very day  
Somewhere in another universe  
A band got in a van and drove for miles on end  
They just this minute got here with no time to rehearse  
They've not even had a sound-check but don't worry  
folks, it's true  
Whatever Major Happy did for them they'll do for you!

Here we are once again on another one night stand  
Major Happy's Up and Coming Once Upon A Good Time  
Band  
Major Happy, Major Happy, Majah Happy, Made ya  
happy  
Major Happy's Up and Coming Easy-Going Good Time  
Band  
We're only here for you out there so give yourselves a  
great big hand  
Major Happy, Major Happy, Majah Happy, Made ya  
Happy  
So put your hands together and let's really hear it for  
Major Happy's Up and Coming Once Upon a Good Time  
Band...
