Mississippi Moon

Neil as Laurel AND Hardy in Innes Book of Records

Oh Mississippi Moon
Shining like a spoon
Over Pascagoula by the sea
How wonderful you are
Much nearer than a star
But taller than a roof top or palm tree
mmmmmmm

And when I go out with my baby tonight
We'll be dancing in your silvery light
And everything is gonna be all right
Thanks to you
Yes you
Mississippi Moon
Mississippi Moo-hoo-hoon

Oh Mississippi Moon
So far from Saskatoon
Look down on my lady love and I
She is my steady date
We meet at half past eight
Gosh oh gee I'm such a lucky guy
mmmmmmm

And when I go out with my baby tonight
We'll be dancing in your silvery light
And everything is gonna be all right
Thanks to you

Thanks to you
Yes you
Mississippi Moon
Mississippi Moo...
...hoo...
...hoooon
