Nancy

Who am I
Where am I going?
They call me Nancy
Is that my name?

Nancy...
Nancy ...

What am I
What am I doing?
Nothing I fancy
and that's for sure...

I could be someone important
You never know
Maybe I am
Already someone important
Just being me

Nancy...
Nancy ...

No no no!
It's not enough just being Nancy
Not while the world is going crazy
Someone not too selfish or too lazy
ought to give the world a dose of common sense
Someone with no time for sitting on the fence
Someone like Me!

NANCY...
NANCY...

Someone like me who's not afraid to make a stand!
Someone like me who's quite prepared to take
command!
Someone like me who's got a nose for politics!
Someone like me who'd like to to knock those commie
bastards for six!

NANCY!!
That's who I am!
I'm Nancy!
And I don't give a damn who knows it!

I'M NANCY!!!

NANCY!!!

And I'll never say die
'cause I'll always give it just one more try...

...because I'm Nancy!

NANCY!!!

NANCY!!!...

...!!

Who am I
Where is he going?
They call me Nancy
Is that my name?

Nancy...
Nancy ...
