I'm just one of those people who wanna feel good all
the time
I don't want no bad news messin' with my mind
I don't want no smart ass media clown
Wising me up and then dumbing me down
I'm just one of those people who wanna feel good all
the time

I'm just one of those people who puts up with crap
everyday
Not just any ordinary crap
I'm talkin' about a constant stream here
Continually getting in my way
Crap in the workplace
Crap on the street
Crap in the junk food that I have to eat
I'm just one of those people who puts up with crap
everyday

I'm just one of those people who some people call
paranoid
Well who is and who isn't?
These days it's hard to tell
With so many reasons
For so many people to feel just more than
A little annoyed

What can you do when you're sure somebody
Is imagining imagining your reality
I'm just one of those people who some people call
paranoid

I'm just one of those people who wanna feel good all
the time
Oh Lord I ask you is it such a crime?
The last thing I want is a feeling of guilt
when I'm wading through treacle on balsa wood stilts
I'm just one of those people who wanna feel good all
the time
Yes I'm just one of those people who wanna feel good
all the time
