Look at the day; look all around you  
Look at the way it all surrounds you  
Sunshine spills over the hills and I can hear them  
saying  
We've got plenty of time if you want it  
We've got plenty of time  
We've got plenty of time if you want it  
We've got plenty of time  
Plenty of time

People may come and people may go  
They do what they can and know what they know \*

Look at the sky; it has no ending  
How can I fly without pretending  
How can it be even leaves on a tree seem to be saying

We've got plenty of time if you want it  
We've got plenty of time  
We've got plenty of time if you want it  
We've got plenty of time  
Plenty of time

Heaven's above, hell is below  
We're in the middle  
And that's how it goes

We've got plenty of time if you want it  
We've got plenty of time  
We've got plenty of time if you want it  
We've got plenty of time  
Plenty of time

Slow down (it's so good to)

Slow down (it's so good to)

Slow down (it's so good to)

Slow down (it's so good to)

Slow down (it's so good to)

Slow down

Slow down
