Sail Away

Cold stone finger bone  
Scrape the sky  
I'm in the middle of a city and I don't know why  
Gonna sail away  
You won't see me for the clouds  
In my heels

The windows have curtains but your room is bare  
I'll be on my way but I don't know where  
Gonna sail away  
You won't see me for the clouds  
In my heels

I'm leaving today  
Leaving right away  
Leaving even you  
Ooooooo  
Ooooooo  
Gonna sail away  
You won't see me for the clouds  
In my heels

The moment we shared  
is all over now (all over now)  
I'd like to thank you but I don't know how  
Gonna sail away  
You won't see me for the clouds  
In my heels  
Ooooooo  
Ooooooo
