Say Sorry Again

Neil as the Marx Brothers in IBoR  
Two dodos stood back to back  
Refusing to say a word  
Having a lovers' quarrel  
Over something truly absurd  
"But you're the last of your species!"  
The other animals cried  
"Make up your differences, do  
Forget your foolish pride!"

And say sorry again  
Say sorry again  
Never mind who's to blame  
there's no sense in calling names  
So say sorry again  
Don't let a good love die  
You can be combined, two hearts intertwined  
If you say sorry again

But the dodos remained unmoved  
And as the sun began to sink  
She held her head up high  
And he pretended to think  
All the animals cried in dismay  
Saying "What's the good of advice  
to creatures such as dodos  
who find stubbornness so nice?"

Say sorry again  
say sorry again  
Why don't you admit you were wrong  
Oh ,why is your will so strong?  
Just say sorry again  
An apology isn't so bad  
The whole human race will spit in your face  
If you don't say sorry again!

believe me...

Well the proof of the animal's wisdom  
is quite apparent today  
How many dodos do you know?  
They're not even put on display!  
So say sorry again  
Say sorry again  
When the last bell is rung  
Don't just stick out your tongue  
Just say sorry again!
