"Someday"

Do you remember when we used to sit and talk? (yeah
yeah!)
Sit and talk (yeah!)
Kiss and talk
And take a little walk (yeah yeah!)
With the moon and stars above
Shining down upon my love
Do you recall, babe?
We talked about someday

Someday
We're gonna go steady
Someday
We'll say "I do"
And someday
We'll raise a family
Someday when our hopes and dreams come true

Do you remember how we first said, "I love you"? (yeah
yeah!)
I love you (yeah!)
I love you
Oh, yes, indeed, I do (yeah yeah!)
With the moon and stars above
Shining down upon my love
Do you recall, babe?
We talked about someday

Someday
We're gonna go steady
Someday
We'll say "I do"
And someday
We'll raise a family
Someday when our hopes and dreams come true
Someday when our hopes and dreams come true
Someday when our hopes and dreams come true
