Stoned On Rock

I'm so stoned on rock Stoned on Rock from IBoR
So stoned on rock
I dig it with my body and my soul
I'm so stoned on rock
So stoned on rock
So stoned on rock
and roll

Well it's an even bet
That the sun will set
Before I get much older
Though life is hard to take
I won't quake or shake
I got the rock to make me bolder

I'm so stoned on rock
So stoned on rock
I dig it with my body and my soul
I'm so stoned on rock
So stoned on rock
So stoned on rock
and roll

I see the lightning flash
I hear the thunder crash
I feel my senses smash to pieces
And then I lose control
And I give my soul
to what the rock and roll releasays

I'm so stoned on rock
So stoned on rock
I dig it with my body and my soul
I'm so stoned on rock
So stoned on rock
So stoned on rock
and roll
