Hi there  
My name is Solo  
Stoop Solo  
I do amazing things  
Right now I'd like to sing for you

Stormy days (stormy days)  
Cloudy skies (cloudy skies)  
Wind and Rain (wind and rain)  
Got a watery eye (watery eye)  
Yellow leaves (yellow leaves)  
Fall from the trees (from the trees)  
I kick my way (kick my way)  
Through memories (shut your face)

Rain and snow let the four winds blow  
On my collar there's a long blonde hair  
Now I know that's all I've got to show  
For the love we used to share

I remember back in June  
Our love was like a fire  
And the song in our hearts sounded like a choir  
But I held onto you like a hand holds water  
And now it's November and the days get shorter

Rain and snow let the four winds blow  
On my collar there's a long blonde hair  
Now I know that's all I've got to show  
For the love we used to share

Rain and snow let the four winds blow  
On my collar there's a long blonde hair  
Now I know that's all I've got to show  
For the love...  
we used...  
to share

Thank you.
