"This Love of Ours"

This love of ours is like playing card houses
Not easy to rebuild, and sometimes unfulfilled
So don't be uncertain, drawing the curtains
On wide open windows whenever the wind blows
Come rain or come shine,
our love measures time .

Love can surprise you and love can disguise you
with shadows and pain no one can explain
Only love has the answers so lets join the dancers
And spend the night spinning a brand-new
beginning
Say thanks for the flowers
And this love of ours
