Born in the springtime when blossoms unfold  
Pastures were green and the meadows were gold  
My life was in flowers some grew on  
And life like the leaves is now withered and gone

Roses have died and left us alone  
The birds in the morning don't sing anymore  
The grass in the valley has started to die  
Out in the darkness the whippoorwills cry

[Refrain:]

Alone and forsaken by fate and by man  
Oh, Lord, if you hear me please hold my hand  
Please understand

Oh, where have you gone, where can you be  
Have you forsaken some others like me  
A promise to honor, to love and obey  
Is each vow a plaything that you throw away

Refrain [x2]

The darkness is falling, the sky has turned gray  
A hound in the distance beginning to bay  
I wonder, I wonder - what you're thinking of  
Forsaken, forgotten - without any love

Refrain [x2]

Alone and forsaken [x3]
