You know she needs attention  
So take her for a ride  
(You gotta get behind the wheel)  
She loves to go around anywhere  
(In the morning and drive)  
Anytime you decide

You gotta get behind the wheel  
In the morning and drive  
You gotta get behind the wheel

You know she loves those long slow curves  
So take her for a spin  
(You gotta get behind the wheel)  
She always wants to please you  
(In the morning and drive)  
No matter what shape your in

You gotta get behind the wheel  
In the morning and drive  
You gotta get behind the wheel

You gotta get behind the wheel  
In the morning and drive  
You gotta get behind the wheel  
In the morning and drive  
You gotta get behind the wheel

You know she takes a little care  
She's always looking good  
(You gotta get behind the wheel)  
Pull over and put the top down  
(In the morning and drive)  
Check out what's under the hood

You gotta get behind the wheel  
In the morning and drive  
You gotta get behind the wheel

You gotta get behind the wheel  
In the morning and drive  
You gotta get behind the wheel

In the morning and drive  
You gotta get behind the wheel
