When I sing about love and war
I don't really know what I'm saying
I've been in love and I've seen a lot of war
Seen a lot of people praying
They pray to Allah and they prey to the lord
But mostly they pray about love and war
Pray about love and war
I've seen a lot of young men go to war
And leave a lot of young brides waiting
I've watched them try to explain it to their kids
And seen a lot of them failing
They tried to tell them and they tried to explain
Why daddy won't ever come home again.
Daddy won't ever come home again
I said a lot of things that I can't take back
But I don't really know if I want to
There've been songs about love

I sang songs about war

Since the backstreets of Toronto
I sang for justice and I hit a bad chord
But I still try to sing about love and war
Sing about love and war
The saddest thing in the whole wide world
Is to break the heart of your lover
I made a mistake and I did it again
And we struggled to recover
Then I sang in anger, hit another bad chord
But I still try to sing about love and war
I've been in love and I've seen a lot of war
Seen a lot of people praying
They pray to Allah and they prey to the lord
But mostly they pray about love and war
Pray about love and war.
