Once high on a hill  
There was a song  
Nothing was wrong  
That's when time stood still

Now lovers are caught  
Left in their thoughts  
Tied to their dreams  
Bound by the depth of their love

If I can't hold on to you  
If I can't hold on to you  
There'll be a sky of fire and hell of blue  
If all of our dreams won't come true  
I'll cover you, I'll cover you

Sky is fire, hell is blue

That's why I'm out of control  
Build myself up, tear myself down  
Build myself up again

I'm talking to you  
Trying to get through  
Don't wanna hide  
Lost in the mirror of love

If I can't hold on to you  
If I can't hold on to you  
If the sky is wide and heavens good  
If all of our dreams won't come true  
I'll cover you, I'll cover you

Sky is fire, hell is blue

Somewhere near the end  
Lovers pretend  
Lose what they feel  
Keep what they get from love

Start missing the drive  
Staying alive

Four out of five  
Without the feeling of love

If I can't hold on to you  
If I can't hold on to you  
If this heart is fire and hell is blue  
If all of our dreams won't come true  
I'll cover you, I'll cover you.
