Shadows climb up the garden wall
Upon the green, the first leaf falls
It's the prime of life and the king and queen
Step out into the sun, oh yeah

Are you feeling alright?
Not feeling too bad myself
Are you feeling alright, my friend?

Footsteps run down the castle hall
To the rooms of the paper doll
It's the prime of life where the spirit grows
And the mirror shows both ways, oh yeah

Are you feeling alright?
Not feeling too bad myself
Are you feeling alright, my friend?

When I first saw your face
It took my breath away
When I first saw your face
(Took my breath away)

Shadows fly up the castle wall
Upon the green the first leaf falls
It's the prime of life, the king and queen
Step out into the sun, ooh yeah

It's the prime of life
It's the prime of life
It's the prime of life
It's the prime of life
It's the prime of life

Are you feeling alright?
Not feeling too bad myself
Are you feeling alright, my friend, oh yeah?
