Shining light, you always showed me
You always guide me. I don't know where I'm goin'
Show me now. I'm waiting to see you
I'm waiting to feel you around me again

Show me your love. Show me your kind love
Share your compassion. Let me feel mine
Shed your light all around me
Now that you've found me and I've found you

Shining light, what will you show me now?
What can I bring to you to stand in your glow?
Shining light, when will you show your love?
When can I see you and stand in your glow?

Shed your light
Show your love

Shed your light
Show your love

Shed your light
Show your love

Shining light, what will you show me now?
What can I bring to you to stand in your glow?
Shining light, when will you show your love?
When can I see you and stand in your glow?

Shed your light
Show your love

Shed your light
Show your love

Shed your light
Show your love

Shed your light
Show your love

Shed your light

Shed your light
