She's a singer without a song she's livin'  
Driftin' on her melody of gold  
Looking for the words behind her feelin'  
She's ready for a woman to unfold

But something lingers out there in the distance  
Like a phone call no-one wants to make  
Like an answer to the question no-ones askin'  
Like a chance no-one seems to take

She's a singer without a song she's livin'  
She's a singer without a song she's livin'  
She's a singer without a song she's livin'  
Trying to ride the hook home

Now she feels it slippin' through her fingers  
As she holds the crowd in her hand  
If only someone would believe her  
She could sing the words that they could understand

Still they want desperately to love her  
As she sings their heartbeat with all her soul  
All she needs is the words behind her feelin'  
And she's waiting for a moment to unfold

She's a singer without a song she's livin'  
She's a singer without a song she's livin'  
She's a singer without a song she's livin'  
Trying to ride the hook home

She's a singer without a song she's livin'  
She's a singer without a song she's livin'  
She's a singer without a song she's livin'  
Trying to ride the hook home
