In a cavern, in a canyon, â€”  
Excavating for a mineâ€”  
Dwelt a miner forty niner, â€”  
And his daughter Clementine

### CHORUS

Oh my darling, oh my darling, â€”  
Oh my darling, Clementine! â€”  
Thou art lost and gone forever  
Dreadful sorry, Clementine

Drove she ducklings to the water  
â€”Ev'ry morning just at nine,  
â€”Hit her foot against a splinter  
â€”She fell into the foaming brine.

Ruby lips above the water,  
â€”Blowing bubbles, soft and fine,  
â€”But, alas, I was no swimmer,  
â€”I couldn't save that Clementine.

### CHORUS

How I missed her! How I missed her,  
â€”How I missed my Clementine,  
â€”But I kissed her little sister,  
â€”Forgot my Clementine.

Chorus 2X
