I got a problem I can't explain  
It's hard to solve it, I can't lose face  
They all try to help me but I can't see the light

Me and my shadow are so in despair  
'Cause we keep hurtin' someone who cares  
Every time we talk about it I break out in a cold sweat  
There must be some way outta here but I can't find it  
yet

I got a problem that's so intense  
I try to fight it but there's no defense

Every time we talk about it I break out in a cold sweat  
There must be some way outta here but I can't find it  
yet

I got a problem, I got a problem  
I got a problem, I got a problem

Every time we talk about it I break out in a cold sweat
