"Time Flies"

When days pass and nothing happens
When you don't know what to do
Think about your waste of time
'Cause it never gets back to you

Take your life into your hands and
Time it doesn't wait for you
Make tonight a special night
'Cause you want to get out... again

BECAUSE TIMES FLIES
IT'S OK
WHEN A MINUTE CAN NEVER BE THE SAME
BECAUSE TIME FLIES
UP AND DOWN
NEVER STOP
IF YOU WANT IT

Years will pass and leave some traces
On your face, your life, your youth
Think about your waste of time
'Cause it never gets back to you

Sow today and reap tomorrow
Time it doesn't wait for you
Start tonight and make it right
If you want to get out... again
