Sha La La Sha La La Sha La La Eee Ya Eee Ya x 2

For You
Ohh x 2
Yeah
Ohh
Yeaaaaah
I will tell you a story while you are in bed
You're just a baby but you'd understand
Babies can see what others can do
And teach them something new
Oh when your eyes open up theres a whole world to
feel
It all turns around, its a dream or its reeaaaal
I'll come to work now your hard at the show and I want
to let you know....

There is a fairytale for you
Open your dreams and it will come true
And if you find a way I'm glad to stay, with you (ooohh
yeah)
There is a fairytale for you
Open your dreams and it will come true
Life doesn't hear the best so find the rest
In yoooouu...
If your love is true.. (sha la la sha la la sha la la eee ya
eee ya x2)

So, we'll here and pass into grow old and wise
Some fairytales will be turned into lies
You'll have to find out the right thing too do and what
burns inside of youu..
There will be someone who tried to change your way to
here
But never mind baby just tryin to steal
And for this reason I'm singing is this song that you will
be strong

There is a fairytale for you
Open your dreams and it will come true
And if you find a way I'm glad to stay, with you (oohh
yeahh)

There is a fairytale for you
Open your dreams and it will come true
Life doesn't hear the best so find the rest
In yooouu
If your love is trruuee(ouu ouuuuu ouuuu) x3
(sha la la sha la la sha la la eee ya eee ya x3)
For Youuuuu….
