GIMME THE SUN , YOU'Â'RE THE LIGHT OF MY LIFE
WE WILL NEVER BE APART
GIMME THE SUN , BE THE LIGHT OF MY LIFE
WITHOUT YOU I'Â'M IN THE DARK

Everytime I'Â'll wake up in the morning
I will raise my eyes up to the sky
cause I wanna thank the One who wanted
you by my side
And I love you even when I'Â'm sleeping
when my dreams are somewhere in the night
but I love you better when the dawning
begins to shine
So I can'Â't wait to see the light
GIMME THE SUN.....
Everytime I dance around your body
Spinning like the Earth around the Sun
I feel of my secret world my baby
you are the star
Just the thought of you gives me the power
now I live my life with so much fun
with your love I bloom just like a flower under the sky
So I can'Â't wait to see the light....
