

## Neja "Saturday"

Moving slow to the funky beat  
Dance barefoot along the street  
Sing love songs to fill the air  
Now guess what's going on

I feel in love again  
I breathe a world to share  
This time I won't be scared  
You don't look like an enemy

I'll be with you (just hug me baby)

SATURDAY - IT'S NOT FAR AWAY  
I'LL BE IN YOUR ARMS AGAIN  
AND WHO CARES 'BOUT TOMORROW  
SATURDAY - MY BABY I CAN'T STAND WAITING  
I AM GOING CRAZY  
UNLESS THERE'S ANOTHER SATURDAY

Blood runs in my veins again  
My five senses don't feel the same  
You're living miles away  
But it seems you're close to me

Before I heard no sound  
No glance of love around  
You are the perfect ground  
To sow my seeds of love

So I'll be with you... ..
