Hide the corpse dance with death a smell of pleasure.
Buxom nuns raped by priests invoking the king.
Orgiastic movements for the maiden over the altar.

Black Church
Blood, terror, satan

On the floor some black candles form the pentagram,
While a virgin drink the blood for her Lord.
Widow fetus vaginal secretion feeding the mass.

Black church
Blood, terror, satan

Black priest invokes the infernal Lord.
A splash of blood on his face.
A pierce in maiden's heart, all is finished

Black church
Blood, terror... satan
