When the (full) moon will shine  
In a (black) sky without stars  
As blood thirsty wolves  
We'll return to dominate our lands  
You'll see our blades to shine  
In the dusk of the night  
It's the sign we are returning  
To take that is ours

Look in face the death  
Now it's time to die  
No mercy for betrayer

As evil wolves we'll fight  
To unmask your false gods  
Created from you to elect you  
To elect them, damned

Look in face the death  
Now it's time to die  
No mercy for betrayer

(But) we are coming back  
From the dusk of the night  
And with our blades we'll give end  
To the life of the lies' preachers
