A cold wind blows  
On mountains of the north  
Through the trees' branches  
Like hands to the sky  
Old forest  
Protecting an ancient knowledge

In this desolate place  
Time seems never pass  
I vague in the remotest minds  
Through fear and madness

Alone with my troubles  
The dusk embrace me  
Wrapped from the fog  
That grows under my feet

In this desolate place  
Time seems never pass  
I vague in the remotest minds  
Through fear and madness
