i try the cure the pain
but it keeps me in the his circle
it's hard to get away
and i feel you again
you're with me

love is a warning game in the name
love right now
so don't close your eyes
i'll be waiting for all my life
for this moment of our love
with you

I try the feel the pain
but it keeps my in the his circle
i don't wanna get away
'cause you're here with me
and i feel you

love is a warning game in the name
love right now
so don't close your eyes
i'll be waiting for all my life
for this moment of our love
with you
with you

love is right now
right now
our love is right now
so don't close your eyes
i'll be waiting for all my life
for this moment of our love
with you

just let me love you
and i learn to love you right
while it only for this moment
for this moment of our love
with you
with you...
