It happens only in the daytime
She looks to me and says
But it's only in the night time, oh, oh
She pulls me closer to her body so I can hear

There's a kick and then a scream
But it's only in her dream
I look around and it's you, oh

I can't believe it's only Wednesday
And she can't see that everyone
Was there except for me
I know I don't wanna lose this time

All and all it's in a way form
Passing through her head
As it's been through our life time, oh, oh
She keeps on trying to fight the evil in her mind

There's a kick and then a scream
But it's only in her dream
I look around and it's you, oh

I can't believe it's only Wednesday
And she can't see that everyone
Was there except for me
I know I don't wanna lose this time

She looks to me but she can't even believe it
The dream yeah, it's real
And she looks to me but she can't even believe it
She can't even believe it tonight
And I don't wanna lose

There's a kick and then a scream
But it's only in her dream
I look around and it's you, oh

I can't believe it's only Wednesday
And she can't see that everyone
Was there except for me
And I know I don't wanna lose this time
