Brian McKnight feat. Nelly  
All Night Long

[Nelly]

Look  
Shit just aint the same  
When you slide through (Whoa)  
I get distracted every time you in my view (Yeah)  
Plus I hear you kinda single right now boo (True)  
And I got a perfect spot for a tattoo (Oh)  
I get ya name more than once if I have to (Yeah)  
Me and you up at a classic then buy you  
Cause I got a few places you can fly to  
Bring ya partners cause you know I'm bringin' my crew  
(Yeah)

[Brian McKnight]

Girl don't you walk on by  
We're not leavin' one more time  
Shorty's got her back to me  
Show me what you got for me  
Watch you move from side to side  
Lick your lips then close your eyes  
Like something from a fantasy  
Good for you and good for me girl

So we can talk about the things you want (Talk about  
the things want)  
Or we can talk about the things you like  
Girl I don't just talk to hear my lines  
You've heard it all a thousand times girl  
And we can talk about taking it slow (Takin' it slow)  
And we can talk about taking our time  
Girl how can I get you in my ride  
Who's gonna take you home tonight

Baby let me love you (Baby let me love you)  
All night long (All night long)  
All night long (All night long)  
Baby let me please you (Let me please you, yeah)  
All night long (All night long)  
All night long (Mmm hmmm)

We can take a ride in my ride  
We can get it on outside  
Hit it of like 1-2-3  
The moon and stars is all we need  
Then we can take it back to my crib  
We don't have to say that we did  
No one knows that we just met  
What you see is what you get

So we can talk about the things you want (Talk about  
the things want)  
Or we can talk about the things you like  
Girl I don't just talk to hear my lines  
You've heard it all a thousand times girl  
And we can talk about taking it slow (Takin' it slow)  
And we can talk about taking our time  
Girl how can I get you in my ride  
Who's gonna drive you home tonight

Baby let me love you (Baby let me love you)  
All night long (All night long)  
All night long (All night long, yeah yeah)  
Baby let me please you (Let me please you)  
All night long (All night long)  
All night long

Oh baby whenever you say  
We can be out  
I'm not in a hurry Ma  
But we can go now  
There's so many ways  
We can get down  
I'm gonna give all the lovin' to ya  
Oh girl

[Nelly]  
I wanna be your stability  
Physically finance and mentally  
If willing  
I'll be fulfilling anything you reveal to me  
Like ya fantasies  
Ya dreams  
Peaches and cream  
You name it  
You pick  
I lick  
That's the thing  
Time don't mean a damn thing in this case  
So unplug the clocks  
And close the drapes

I got it all planned out  
Me and you goin'  
Until we both scream ouch  
We both pass out

So we can talk about the things you want (Talk about  
the things want)  
Or we can talk about the things you like  
Girl I don't just talk to hear my lines  
You've heard it all a thousand times girl  
And we can talk about taking it slow (Takin' it slow)  
And we can talk about taking our time  
Girl how can I get you in my ride  
Who's gonna take you home tonight

Baby let me love you (Baby let me love you)  
All night long (All night long)  
All night long (All night long, yeah yeah)  
Baby let me please you (Let me please you)  
All night long (All night long)  
All night long

Baby let me love you (We can be out)  
All night long (Hurry Ma, but we can go now)  
All night long  
Baby let me please you (We can get down)  
All night long  
All night long
