Verse 1 [Nelly]

If I'm movin too fast FO Ya hurry the speed up  
Matter don't matter babygirl throw me ya letter  
You aint gotta worry about that if you fill me  
But from the bedroom, balcony, you can see all that  
I can see you pointing' now like  
"What do you call that?"  
Got all these damn cars  
"Where the hell do ya' park at?"  
We used to ask "What it cost?"  
Now it ain't no more a' that

I made it so ya' own mama call ya "It's all crap"  
Wrack ship and this is the best shit my album  
And single is gonna sell Quick you hear me  
Hear it now it never gonna stop ever gonna show  
Never gonna be what I said before coming  
Down to my toes from New York  
Days after days years after years  
Dream from my eyes tears running clear  
Joy of laugh made me running fast  
I just wanner be a rap star plz help me

Come on bring it dirty get ready come at 9.30  
Tailgating to ya chick say im ready come on  
Rip the flips shake ya hip shit gonna get dirty  
Baby girl get ya act straight cause im leaving  
Get down and moan
