[Chorus- Nelly & Justin Timberlake]

(Justin) Darling darling darling, Baby Doll  
(Justin) Darling darling darling, Baby Doll  
(Justin) Touch me, Hold me, Show me, Your love  
(Justin) Show me, Hold me, Touch me, My love  
(Nelly) Baby Doll  
(Justin) You my... Baby Doll  
(Nelly) Baby Doll  
(Justin) You my... Baby Doll

[Nelly- Rapping]

Baby Doll  
Show me how strong you are  
C'mon give me a break like a kit kat bar  
Show me ya love, as we flirt in ya car  
Hold it down, steady poppin' Moet at the bar

[Nelly-Singing]

You know my sweet rhymes aint going last forever  
At least not as long as we got plans to be together  
I love the way we never parted in the rainiest weather  
And how you aint let me fuck thru the craziest  
endeavors

[Chorus]

[Nelly-Rapping]

A short Ms. Katherine looked like Barbie  
I be her Ken and everything, Just hardly  
Blond hair, Missourian skinned, with the Harley  
Davidson, riding low, Jamaican friend, Bob Marley

[Nelly-Singing]

You never thought I'll have the strength to trust in you  
But then again, I'm the same person to ever bust in you  
We been doing ABC's together ever since two times  
two  
Came through in them twenty eights custom made and  
new

You hopped in, and its all for you, cause you my..

[Chorus]

[Justin Timberlake-Singing/Rapping]

Sweetie, You my girlfriend standing six feet tall  
People picturing us in a whirlwind trying to see us fall  
Something like whats going on with Jennifer and Diddy  
Disney the only time you could ever catch me with  
Britney  
Cause now, I rather wear PINK, and date Gwen Stefani  
Its over now like J-E, im putting all that stuff behind me

[Chorus]
