Nelly)

Fuck is the deal

Ma you what I'm saying I'm on my way fo sho..

Nah well Kyjuan and Murph they with me already

And you know Leezy on his way we gonna be out of  
here in a minute

But whats goin on with you though?

Cuz I hope you ain't frontin cause it's too late at night  
for that you know?

Here we Come..(here we come now girl)

all over you (baby girl unh unh )

(Nelly)

You know I spend hot shit when need be

Only nigga that can take a still picture in 3D (what!)

If need be I'm leaving the party with Cindy (whos that?)

Cocky bowlegged long hairr a fendi

That ain't nutin her twin sister mindy

I spit game like that, I get brains like that

Nutin but soft leather seats it came like that

If sex was football I'd be a runningback

I can only get low and I never fumble

Make ya throw ya hands up when I break in the zone

So if it's on it's on, shit I'm taking you home

I got my own doghouse, own thrown, own bone

She like my bizza my bad lil dawg

You lunatics and that's what I say about ya'll

I'm not an MD but I'm always on call

And I got a stick for ya gauranteed not to stall

So

Here we Come..(here we come now girl)

All over you (baby girl unh unh )

Cuz we be, Vokal down from the sky to the ground

Sipping Alize steady puffing on a pound

Hollowing whoa now! Slow down switch it up

Mami don't frown go down hit it up! Hey! (Here we

come)

Vokal down from the sky to the ground

Sipping Alize steady puffing on a pound (All over you)

Hollowing whoa now! Slow down switch it up

Mami don't frown go down eat it up!

I'm like a new edition  
Ya'll don't know how to party right  
Not even rigga rapping Johnny, instead it rain tonight  
Is this the end? Damn right  
I turn it out right to Vanessa Delrio like over Brian  
McKnight  
Said OH NO babydoll kissing me as she goin down low  
Peeping that demo I can tell that you a pro  
Swore up and down that you never did this before  
Whatever just go slow  
Hated by all types babyfathers and dykes  
The type they ready to fight  
Cuz I'm the one their women like  
He think he tight, he think he got more game then spike  
lee  
Running through his veins like an IV, highspeed  
Type this nigga for 5 g's of al D  
Better catch me now while my price is low  
Demanding 5 digits when the lunatics blow  
Another zero for a show, just to let ya'll niggas know  
Now what?

Here we Come..(here we come now girl)  
All over you (baby girl unh unh )  
Cuz we be, Vokal down from the sky to the ground  
Sipping Alize steady puffing on a pound  
Hollowing whoa now! Slow down switch it up  
Mami don't frown go down hit it up! Hey! (Here we  
come)  
Vokal down from the sky to the ground  
Sipping Alize steady puffing on a pound (All over you)  
Hollowing whoa now! Slow down switch it up  
Mami don't frown go down eat it up!

You see me and my niggas only come out on the  
weekends  
Cuz the weekdays too busy creeping, freaking  
Wit yo rat now picture that  
When she with you she not speaking, but she wiken  
Letting me know that she really been thinking  
About a nigga even when I'm not wit her  
I'm frosty all year while you only in the winter  
My pockets getting fatter, your pockets getting thinner  
I ain't payin tides so you calling me a sinner  
Overpaid, 29, calling me a young tenor  
Nelly stop don't leave  
Don't stop when I'm wit her  
She Ready for whatever and I aint even bought her  
dinner

I started the game on the bench with splinters  
Begging your coach let you play for a minute  
The last seconds of the game you still waiting to enter  
I aint gotta hear the buzzer boy I know who the winner  
Come on!!

Here we Come..(Here we come now girl)  
All over you (baby girl unh unh )  
cuz we be, Vokal down from the sky to the ground  
Sipping Alize steady puffing on a pound  
Hollowing whoa now! Slow down switch it up  
Mami don't frown go down hit it up! Hey! (Here we  
come)  
Vokal down from the sky to the ground  
Sipping Alize steady puffing on a pound (All over you)  
Hollowing whoa now! Slow down switch it up  
Mami don't frown go down eat it up!

(Repeated til the end)  
Here we come now  
Here we come
