Straight cash, no checks, pay muscle, bowflex
Street hustlers, convicts, blood money,,
Dough game, still the same niggas name changed
Rules broken, don't sleep, stay focus
Maintain to keep 2 toes
It's a cold game in this fast lane
, last name
Same clothes for days, no sleep for weeks
I beat the block, I beat the streets
Niggas on balling, going cheap
Come up short, I beat the gig
Hit the booth, murk the beat
Then I'm gone like I got money to see
I got money to get, money to earn, money to flip
Money to burn like money on me like David, got way
with words
50 benz, that's for the birds, that's for the birds

Old money, dope money, fast money, show money,
Cash money, more money, how do you getcho money?
Old money, dope money, fast money, show money,
Cash money, more money, how do you getcho money?
Old money, old money, how do you getcho money?
Cash money, more money, how do you getcho money?
Old money, old money, how do you getcho money?

I started out working that 9 to 5, over time used to be 9
to 9
, used to bring, maybe you a nigga with a great
connect
Getting that shit like, brick
Or maybe you a chick that turn tricks
Getting that paper dick after dick
, that ak, or that mac shit
, hop off, stick up kids, let me tell you niggas what a
stick up is
Hands to the sky, face to the floor, now when
everything here, anymore

Heard you got a safe, open up the door
Heard you had 10, I only see 4,
It's gonna be a war if I don't see 6 more

I'm coming back tomorrow with at least 6 more
6 more niggas 7 more clips, whips
In 10 minutes straight, we find that shit,

Old money, dope money, fast money, show money,
Cash money, more money, how do you getcho money?
Old money, dope money, fast money, show money,
Cash money, more money, how do you getcho money?
Old money, old money, how do you getcho money?
Cash money, more money, how do you getcho money?
Old money, old money, how do you getcho money?

So these people ask me who are you?
What you do? Who you work for?
Fuck the words, bitch
, for every, shit, wasn't paper it
Spit like a king,, like a princess
, never gave up when they had me on the bleaches
, money over there, bitch we gotta get more
Cause we got more hair than,
Still running that track, still trying to attack
And there's not one thing I regret in life more than
Killing them bitches that not shooting twice more
Fuck that that's it, get the rifle,
But with dirty, kick stands, we get,

Old money, dope money, fast money, show money,
Cash money, more money, how do you getcho money?
Old money, dope money, fast money, show money,
Cash money, more money, how do you getcho money?
Old money, old money, how do you getcho money?
Cash money, more money, how do you getcho money?
Old money, old money, how do you getcho money?
