Ohh, turn it up, turn it up, turn the beat up  
Derrty E N T  
Turn it up some mo', okay, you turn it up a little bit?  
Here we go, we all, we go, ohh

She blowin' 'cause she seen that car, she 'bout to blow  
She blowin' 'cause you turned that corner, there they  
go  
She blowin' 'cause she seen that watch, she 'bout to  
blow  
She blowin' 'cause you flashed in it on her, 'bout to  
blow

She blowin' 'cause she seen that knot, she 'bout to blow  
She blowin' 'cause she seen your flash, there they go  
So many y'all in one spot, she lose her mind  
She never seen so much cash

So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go

Yo, they call me Mr. Intellectual, I keep a bunch of  
vegetables  
Carrots and the broccoli, how the hell can you stop me?  
Naughty by nature, yup I'm treacherous and less than  
this  
Would be uncivilous, and like some syphilis, I'm killin'  
this  
Beat by Pharrelly, yeah, yeah, really, Chad this is silly,  
j-j-just silly

Got a team in the Carolinas, your highness  
Keep the finest big booty behind us, behind us  
Just to remind us that, that we the flyest so  
Kids at home, yo please don't try this

My hands in my pocket, mayne, I'm doin' the wop  
Lil' mama on her Snoopy Doggy Dogg, she droppin' it  
hot  
I got whatever in my garage, pull up and shut down

your spot  
I got how many in my bezel, man, I shut down your  
watch  
Oh yeah, I'm rappin', believin', my zing and my trees in  
And soon I'll be leavin' with yo' chick

She blowin' 'cause she seen that car, she 'bout to blow  
She blowin' 'cause you turned that corner, there they  
go  
She blowin' 'cause she seen that watch, she 'bout to  
blow  
She blowin' 'cause you flashed in it on her, 'bout to  
blow

She blowin' 'cause she seen that knot, she 'bout to blow  
She blowin' 'cause she seen your flash, there they go  
So many y'all in one spot, she lose her mind  
She never seen so much cash

So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go

She call me Mr. Extra Sexual, Scorpio ma is legible  
Extraterrestrial, she say I'm harder to swivel  
I keep a fresh pair of Versace, you shine up my  
Liberace  
She my Dolce and my Gabanna, ma I'm keepin' it  
thorough

I keep one hundreds in the bunnies  
Let me keep it one hundred  
I'm the most underrated, under appreciated  
Most sold to dated, fuck you rapper we got

See I don't drop every year to give you niggaz a shot  
Now I might not give five mics or a double-XL  
But fuck it, you keep it, I'ma take the hundred mil'  
And the MurciÃ©lago with the rim kitted Tahoe  
The show stopper, when I ride all you hear is, "Bravo"

And all you hear is, "There he go"  
You see my paint job's a fool, my paint job be poppin'  
My paint job's so wet my license plates read, what it  
read? Pussy  
Shut yo' mouth

She blowin' 'cause she seen that car, she 'bout to blow  
She blowin' 'cause you turned that corner, there they  
go

She blowin' 'cause she seen that watch, she 'bout to  
blow  
She blowin' 'cause you flashed in it on her, 'bout to  
blow

She blowin' 'cause she seen that knot, she 'bout to blow  
She blowin' 'cause she seen your flash, there they go  
So many y'all in one spot, she lose her mind  
She never seen so much cash

So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go

So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go

Listen now I, I  
She wanna know what my girlfriend know  
And she wanna see how deep this can go  
She wanna know how much she can blow  
She wanna know what my girlfriend know  
Bong bong, RZA

She 'bout to blow, there they go  
She 'bout to blow, 'bout to blow  
She 'bout to blow, there they go
