She takes over the ring, everytime she come around  
Just call her Ali by the way she knock 'em down  
Or maybe LV, cause I - damn proud  
I'mma stand like a boss, watch merry go round  
Watch merry go round

Go, round, go, round, go, round, go, round  
Go, round, go, round, go, round  
Watch merry go round  
Go, round, go, round, go, round, go, round  
Go, round, ,go, round, go, round  
Watch merry go round

She got that firecracker, fire flame  
Merry got that ice cream  
All I wanna do is lick her clean  
Throw her on a table, take over by that label  
Show her why they call my moses  
And show her my king is able  
Give it to ya, how you want it, ms merry to let you know  
If he don't get it how you want it, ms merry just let him  
go  
I hang it out in california, we want the one on one  
Been in a perfect corner, where merry and I go get it  
Get it in feel, be in the last, i'm throwing down with ms  
merry in the back  
I think she get it from her momma's momma  
Laughing til my body over, she told lay glitter on her  
I'mma need somebody over

She takes over the ring, everytime she come around  
Just call her Ali by the way she knock 'em down  
Or maybe LV, cause I - damn proud  
I'mma stand like a boss, watch merry go round  
Watch merry go round

Go, round, go, round, go, round, go, round  
Go, round, go, round, go, round  
Watch merry go round  
Go, round, go, round, go, round, go, round  
Go, round, ,go, round, go, round  
Watch merry go round

She merry be po-poppin' it  
And i'll just be wa-watching it  
Till we get to the crib, and then I hu-hump on top of it  
She might be the bomb, no way she tick-tocking it  
But must you blow this whistle, merry ain't gon be don't  
stopping it  
The blue corner, yeah, that's her  
And in the red corner, yeah, that's her  
I can see her bouncing in a skirt  
So come here, ms merry go to work  
So po-po-pop it this merry back  
Put that other dress in black  
We gon turn it on your back, but i'mma need a piece of  
that  
She get it from her momma's momma  
Laughing til my body over, she told lay glitter on her  
I'mma need somebody over

She takes over the ring, everytime she come around  
Just call her Ali by the way she knock 'em down  
Or maybe LV, cause I - damn proud  
I'mma stand like a boss, watch merry go round  
Watch merry go round

Go, round, go, round, go, round, go, round  
Go, round, go, round, go, round  
Watch merry go round  
Go, round, go, round, go, round, go, round  
Go, round, ,go, round, go, round  
Watch merry go round

Do ya thing babe  
Do ya thing babe  
Do ya thing babe  
Go do ya thing, go do ya thing babe  
Drop it down yeah  
Do ya thing babe

She takes over the ring, everytime she come around  
Just call her Ali by the way she knock 'em down  
Or maybe LV, cause I - damn proud  
I'mma stand like a boss, watch merry go round  
Watch merry go round
