Free City

This is a shout out to every young brother ya know

Thats doin his thing right now

Keep ya head up...

Hes walkin the yard wishin he had wings

Ya know so he could fly up out that joint

Man

[Intro]

If I could, fly away

Ooo and I wouldn't come back no more

I, I,d turn around,

Just to see you for the last time,

See,now I know

Hey, that it won't be easy

I done fought in a battle, and I done made it this far

I gotta few more feet, but its still the longest yard

[Verse 1]

Man, it's the longest yard i ever had to get in my life

And see my life ain't right, if my wife don't write

My niggas can't eat if the fish don't bite

Might raise the gross sales, like Mike and Ike

Now big brother almighty

I keep a gamma ray, I'ma G-5 G

Take a G-5 jeep, G-5 deep

Too some of their bare feet

And thet deep don't speak

Listen maybe they lock it down right herre

See body bag and gag and your found right herre

This as serious as it sounds right herre

The guards guard the ground, 4 pounds right herre

And they ain't playin, their just lettin you know

That anything they want to happen, niggahappen real slow

Get the word from upstairs, put you in that hole

I can't take it, I'm justready to go

[Chorus]

If I could, fly away

Ooo and I wouldn't come back no more
I, I'd turn around,
Just to see you for the last time,
See, now I know
Hey that it won't be easy
I done fought in a battle, and done made it this far
I gotta few more feet, but its still the longest yard
Yeah yeah, its still the longest yard
Uh uh, its still the longest yard
Um um, its still the longest yard
I done fought in a battle and I done made it this far

[Verse 2]

I'm in my cell 20 hours a day
And doin push-ups every hour a day
Cause I'm tryin to keep the cobwebs away
that's why I'm markin off the calender days
Tryin to get out of the way
And im just tryin to keep a piece of mine
And I'm gonna shame a motherfucker with a piece of
mine
Cause he's tryin to take a piece of mine
So im gonna slice his ass a piece at a time
But now that they close the door
Lock me in a cell 30 deep but its built for 10
Tell me what kind of world they got you in
With the barb wire fences, box you in
From now, till they turn off the lights
I'ma read anything in sight
Its kinda hard tryin to read at night
But I'ma change my life
And hope another brother take this flight

[Chorus]

(Oohh no) I gotta make it out this place some how
(Oohh no) Man I really believe that i done turne it
around
(Oohh no) You see, all I need is that second chance to
show,
since I crossed the ration, my obligationof
rehabilitation
(Oohh no) They can punch me high, and they can kick
me low
(Oohh no) But i mean its gonna take more than that for
them to break my soul
(Oohh no) Man its hard for people to understand what
its like to be, gated, incarcerated, I just can't take it,
but I'ma make it man to see better days

[Chorus]

[Hook]
If i could fly away,
If I could I turn around,
If I could fly away
