St. Louis

Stomp, stomp, stomp, stomp [unverified]

This house belongs to who

Not in my house

You might catch me on the road

But not in my house

It won't happen, oh no

(Oh no, oh no, oh no, oh no)

Not in my house

(Check me out)

You might catch me on the road

But not in my house

It won't happen oh no

(Oh no, oh no, oh no, oh no)

Check it, check it

Now we've come along way, ay

(Hear me out)

And I know you wanna go some more, oh

The only thing keepin' you from

Completin' your mission derry is makin' it past my

door

See I'd hate to be the bearer of bad news

But I simply gotta tell ya I refuse to lose

To continue how you wanna disrespect [unverified]

But it ain't goin' down, hell nah, derry

Not in my house

You might catch me on the road

But not in my house

It won't happen, oh no

(Oh no, oh no, oh no, oh no)

Not in my house

(Check me out)

You might catch me on the road

But not in my house

It won't happen oh no

(Oh no, oh no, oh no, oh no)

Check it, check it
I dropped my mug in the dirt done, you done crossed
this line
Me losin' tonight, ain't even cross my mind
This my house and I'm a defend it, crush you if need
be
Leaving you as an example for other teams to see

Then it be, two strikes, two outs, no lights
Fourth down, fourth quarter, lookin' at a baby order
Fourth period, minute left, down ten, hold ya breath
Pick and roll, back door, game over, told ya so

Not in my house
You might catch me on the road
But not in my house
It won't happen, oh no
(Oh no, oh no, oh no, oh no)

Not in my house
(Check me out)
You might catch me on the road
But not in my house
It won't happen oh no
(Oh no, oh no, oh no, oh no)

Not in my house
Not in my house
Not in my house
Not in my house
