God damn, it's packed in this bitch, show it from wall to wall

Dropping ass in this bitch

I see you swipe a car down your ass in this bitch

If you looking for a party, shawty you know where it is

Oh yeah, I've been doing it all night

And now I'm high massed up, I do it on flight

Bitch please, I can do it on sight,

If you call a nigga trouble then you call the nigga aright

I'm on point, some like a needle, lil rap about my â€¦  
mc like a beetle

The fliest nigga I â€¦ they just call me eagle

Some money plus a country nigga I'm just what it equal  
and I

I can't help it, see that's just how I'm born

I'm in my 23, call that a zone

I'm on that uh wee, a nigga gone

I'm like a pimp c, sweet jones, gone

I got that make a bitch act right, a porn star's what I  
make a bitch act like

I let her bring a partner cause I'm that type

Swing them both that night, whatever they both like
