[Missy] Yah..

[Verse One: Havoc]  
Whattup ma, the name H doe, I'm into pesos  
V.I.P. and champagne by the caseloads  
Doubles get you from that bar, and get you right  
Or get you bent, whatever you like  
I'm not into wifin - no sir  
I just wanna beat it up, hear the kitty-cat purr  
The whip or the tail, whichever you prefer  
The crib off limits, got wifey durr  
Got a man home beast, then be easy ma  
She don't know how to creep, I be teachin ma  
I got jars of that haze, yeah I'll show you how to twist  
Get it tight but not too tight, it's all in the lick  
I'll show you which end to burn, how to spot that trick  
All you need is the will to learn  
.. and some good trees to burn  
Relax, you'll be straight like a perm, word

[Chorus: Missy]  
I need a man, who's up on his game

And can give me some affection, satisfy me many  
ways  
Are you the one to do it for me playa?  
(Are you the one to do it for me playa?)  
Then maybe I can hook up witcha later

[Verse Two: Prodigy]

Babe girl you now rockin with strength, Infamous Thugs  
is nuttin to slug  
Anyone, they try to ruin our fun  
I don't wanna scare you away, I'm sayin whassup  
Tell your friends come over here, and party with us  
If y'all from the hood, y'all gon' love our ways  
Cause we got money, and we still the same way  
Go 'head, do that dance, and you can feel free  
To be you and just do you, everything's great  
Yeah tonight we gon' have a little too much to drink  
Just leave your car in the lot, so you can feel safe  
We gon' party 'til six then take it to my place  
Then later on I'll have a car bring you back safe  
I ain't into games, I'll give it to you straight  
We can have a part time love, I just want it straight  
Really doe, I changed doe, not no dames  
So however you wanna call it, it's okay

[Chorus]

[Verse Three: Nelly]

Uhh, uhh, aiy  
Check it, check it, check it  
Baby girl right here is where you need to be  
You better duck cause the bottles pop easily  
Go and get your other friends, cause you comin with  
me  
Derrty E-N-T with the M-O-B  
See, no respect for the +Country Grammar+  
So I kick the Dunn language, the response was better  
We like, 'Dunn' did it, 'Dunn' hit it, 'Dunn' split it  
Everything hon wanted, Dunn was with it  
She like to see me doo-rag'd and me ball-cap'd  
She like to see me tailored, Gator'd, slacked  
In fact, I see you lookin through the windshield wipers  
As the rain hit the windows on the blue Dodge Viper  
The sniper, not never but hit ya from long range  
Check it, got haters like X had Brother Baines  
Used to have quarter thangs but now I got quarter  
games  
Got a quarter of a movie, here come {?} trains

[Verse Four: Missy]

I'm not tryin to be your girlfriend (you dig)

I ain't even tryin to lock you in  
There's no need for us to pretend  
I'd rather spend yo' dividends  
You and me can be lover friends  
I'd rather keep this between us two  
Let me know when you wanna begin  
And let me tell you what I want from you

[Chorus]
