[Jermaine Dupri:]
Uh

[Nelly:]
Oooooooh

[Jermaine Dupri:]
Uh haha

[Nelly:]
Uh Uh Listen

[Jermaine Dupri:]
Ya'll know what this is

[Nelly:]
Let's Go
We used to ditch school and head straight up to the mall
Just so we can be the first ones with em on
Returned to school by lunchtime, like "Nigga what now?"
"

And today we in the club like, "Nigga, what now? "
Ya better look down
Cause Uh
I know you see em

[Jermaine Dupri:]
Say what?

[Nelly:]
I know you see em
[Jermaine Dupri:]
Say what?

[Nelly:]
I know you see em
I paid
1000 for the jeans
I paid
200 for the shoes
And uh
Fuck a shirt, I'll rock dez tatoos
You see my fitted mayne
I represent da crib
Cause even at the crib
I represent the crib
I pop my grill in
And I
Might let my chain hang
And I
Might wrap my wrist, dang
[Jermaine Dupri:]
Go on derry do the damn thang
[Nelly:]
I get em free
[Jermaine Dupri:]
Say what
[Nelly:]
But I pay, and if I want I rock a different Yurr of J's
E'rrday
A different style, different color is a must
But uh
It's all good until I get my first scuff and I'm like

[CHORUS:]
Hell Naw ain't no way
What's wrong
Man he just stepped on my Jay's
Stepped on my Jays
He just stepped on my Jay's
These just came out
He just stepped on my Jay's

[JD:]
I got em all (got em all)
But they don't get no run
Like dem 13... 7's... #4... and dem 1's
I like how they look with Dickies
How that Levi lay on em
If you ain't got em when you see me
You definitely gon want them
If they new I gotta get them first old as a Copper box
Hook em with a shirt
AND DA MATCHING COLOR SOXS
You think the Coldest With the Black on Black

The Leather with the Red bottoms
Ordered the #9
You should of seem me when I got them
I was in my house
Dancin in the mirror
Straight thinkin bout gettin out
And how I'm bout to kill em
You know You got a pair that nobody got (body got)
You can't hold dem back you gotta rock!
My attic of Jordan fanatic lil morris blackman
And I know when there come
Another color errthing is happenin
You know
A different style
A different color
Is a must
But Uh...
It's ALL GOOD till I get my 1st scuff
And I'm like

[CHORUS: x2]

Hell Naw ain't no way
What's wrong
Man he just stepped on my Jay's
Stepped on my Jays
He just stepped on my Jay's
[first repeat:] (These just came out)
[second repeat:] (Can't believe this shit)
He just stepped on my Jay's

[Ciara:]

I pull up in the drop, step out with them thangs on
I got me the black and pink and leather with the gray

I know you see me (I know you see me)
My Jeans be never slippin
Paparazzi I might stop and take a picture in em
Yeah, we be fresh every day
And if you're lookin for me lil daddy you can find me in
the A (A, A, A)

[Nelly & JD:]

I Got the retro 1's, then I bought the 2's and the 3's and
the 4's...
I had to order these you can't find them in the stores
Called up my stylist like 'shawty, Send more... '
If you would, please, Send em to me out on tour (Ah,
Ah, Ah)
They'll be here any minute, man...
See, I got that that connect

That I can damn near get like anything
Pose on em, Then I'm a stroll on em...
I call my hook up at the store like put a hold on em...
Them Carolina # 9's Matching patten Leather wrist
band, Patten Leather #11's...
We call em 'Space Jams'...
You in my Space, man
I'll Make you jump, man
I'll make you Jump, Jump, Jump Jumpman...
See on my weekends...
My Jay's play a part
I'm rockin these to da club and these to the park
I'm puttin these on now and these, here, tomorrow...
A spurr-off in my car
Just in case I catch a scarr...

[CHORUS: x2]

Hell Naw ain't no way

What's wrong

Man he just stepped on my Jay's

Stepped on my Jays

He just stepped on my Jay's

[first repeat:] (These just came out)

[second repeat:] (Can't believe this shit)

He just stepped on my Jay's
