Chorus:

See now you could be a lady or a bitch girl  
Still, you're thicky thicky thicky thick  
Lookin like a lolli-pop waitin for the lick girl  
You're thicky thicky thicky thick  
Remind me of my 6-4 waitin at the switch girl  
You're thicky thicky thicky thick  
Could be a crime that I'm waiting to commit girl?  
You're thicky thicky thicky thick

(Murphy Lee)

So basically I'm a joke right?  
Look me in the eyes and tell me if you don't lie  
When are you that shoes untied before you know it  
method  
First step we getting naked, pants gone in 20 seconds  
It's gettin hectic  
Reckage is likea hoopty hittin shawns  
But it seems im behind schedule with broad troubles  
twistin  
& pullin  
Im like shorty help me (come on)  
Help me (please) don't blow my high, cause I'm too  
horny  
She giggles and gives a horny smile...  
so i take advantage  
Kisses in gentle places tryin to get myself established  
I'm comfortable, wanna be in that moe  
With no control  
Concentrating on my relay her every blow  
Yo', I'm still cold  
But cooler than 2 below  
And now I got that wrong in the past You'll never know  
IT'S ON  
Put my penis in accurate  
Just relaxing it  
Now it's my time to party like the lunatics at an ?

Chorus

(ali)

Now comes first like the front porch and the polo shirts  
Skirts there they are that's the one cause I'm far  
From Average Lane with that What's your name? game  
I'm stormin on your brain like a surgeon in the rain  
Take the fame if can  
Watch me wrap like saran  
All up in this shit now  
You want me like a tan  
Live in me like a van  
In reverse that's the worst  
Playa curse put up on me now  
We spreadin on my hommies like a germ  
Watch me turn into captain kill a hoe  
Fill a hoe strong  
Watch me last long like a penny broke many motels  
i got a rich coupon  
I'm doing dismounts on foutons  
Comin out like Key won  
I feel like ceramic in a hammoc  
God damn it  
Thats my words  
Oohs and Aahs Slurred like a verb  
Someone acting like an ass like a metaphor  
Now I'm headed for the highways  
Selling me by's sideways

Chorus

Selling shit out to they ears  
Hot tones and telephones  
Just to get they bezzle home  
Gonna watch my bedrock like flinstones  
Son too strong  
Try to smoke your sack is fatty sonic  
Drive me nuts like planters

Then i let go (throw) split  
That ass like g-strings up on these rat hoes  
i pose as a threat  
to hit any one of these niggas rats  
Split some game and get them burnt  
Gonna watch this tag team like free bird  
Say the word

Straight loungin with a pocket full of rubbers and have

Want real highs and thick thighs take pride in my stylin
